

I am a happy with NJ's Do Not Call List.
Keep NJ Do Not Call list as is. I urge to leave things as it is.
I still get unsolicited calls but the numbers are down
considerably. I don't like being badgered by solicitors
especially those who don't know how to take no for answer. We
have a right to privacy, too. Let's keep NJ Do Not Call List as
is. This is not hurting the solicitors as they claim. These
solicitors still use mail, billboard, community boards,
newspapers, web address, magazines, flyer inserts, etc. What more
do these solicitors want? Access to our cell phone numbers?
Let's keep NJ Do Not Call List as is.
